Course Description

Our Level 4 Certificate in Education and Training (L4 CET), previously known as the Certificate in Teaching in the Lifelong Learning Sector (CTLLS), serves as a recognized advancement opportunity for individuals aiming to enhance their knowledge and skills, thereby preparing prospective educators to teach in various settings.

Tailored for those who have successfully completed a level 3 program, this qualification is ideal for individuals looking to augment their expertise and teaching abilities. Geared towards equipping aspiring educators with essential skills for effective teaching across diverse environments, the level 4 course does not mandate prior teaching experience.

Candidates are not obligated to be actively teaching or undergoing education training to meet the qualification criteria. However, accumulating a minimum of 30 hours of teaching practice in a real classroom setting is mandatory by the conclusion of the program. Many participants opt to begin the course when they have secured a teaching placement. If currently without a placement, you can explore our Trainee Teacher Positioning Program, through which we provide support to fulfill the practical component of the course.
