Course Description

The Level 5 Diploma in Education and Training, previously referred to as the Diploma in Teaching in the Lifelong Learning Sector (DTLLS), stands as a fundamental qualification for educators within the post-16 sector. Tailored for individuals aspiring to enter the teaching profession, this program expedites the acquisition of essential teaching skills. Notably, attainment of this Level 5 teaching certification is pivotal as it grants eligibility for Qualified Teacher Learning and Skills (QTLS) status, permitting instruction in state schools across the United Kingdom.

Our fully online Level 5 DET course, accredited by UK OfQual, enriches both professional versatility and teaching credentials across diverse educational environments.

While completion of level 3 or level 4 courses is not obligatory prior to enrolling in our Level 5 DET program, accumulating a minimum of 100 hours of classroom teaching practice by the conclusion of the qualification is mandatory. Many candidates opt to begin the course once they secure a teaching placement. Should you lack a teaching position, our Trainee Teacher Positioning Program provides assistance in fulfilling the practical component of your course.
